

## SILENT compact

Dust extractor for single workstation

- No dust bag change due to bagless, fine filter technology, including mechanical filter cleaning function
- Appliance controlled via an intelligent, automatic switch
- Noise level reduced due to a fully encapsulated turbine unit

SILENT compact,  
Art. No. 2934-0000

**\$ 1,570**

Normally \$1,958.35

## SILENT compactCAM

Dust extractor for compact CAM units

- Bidirectional communication between the extractor and CAM unit due to the SPS interface
- No need to exchange the dust bag as extraction takes place without a filter bag

SILENT compactCAM,  
Art. No. 2934-2000

**\$ 1,570**

Normally \$1,958.35

## SILENT TS

One to two device extractor

- 3x longer service life (in comparison to conventional collector motors) due to innovative motor technology
- The high volume flow (3,300 l/min) protects against dust exposure
- Low noise 56.3 dB/A at maximum suction
- Tool free motor change in only 2 minutes

SILENT TS,  
Art. No. 2921-0050

**\$ 2,090**

Normally \$2,902.95

The following service performances apply when purchasing Renfert units.

**Renfert**

**WORKFLOW GUARANTEE**

3 year guarantee  
10 year spare parts service  
Activity guarantee

Applies only to participating dealers. Changes, errors and misprints under reserve. Available while supplies last. Retail prices, GST not included.

## Sekundenkleber & Concret

2+1  
for free!

All-round instant glue with quick bonding time and viscous special glue

- Super glue: specially for gluing dry plaster (Viscosity 18 mPa s)
- Concret: for closing up large gaps (Viscosity 100 mPa s)

2 packs Super glue  
(6 x 10g each),  
Art. No. 17332000  
+1 pack Concret  
(2 x 10g)  
Art. No. 17220020

\$ 99

Normally \$108.30

## Occlutec

-30%

Occlusion spray

- Distinct sharp contours
- Optimal dosage due to micro-powder spray layer
- Homogenous spraying characteristics regardless of fill level of the can

Occlutec green, 75ml,  
Art. No. 1935 0000  
or  
Occlutec red, 75ml,  
Art. No. 1935 1000

\$ 13.30

Normally \$19.05

## GO 2011 speed

-30%

Plaster and alginate solvent

- Stubborn residues are dissolved quickly in a cleaning bath and even faster in an ultrasonic unit
- A variety of materials can be completely cleaned away without requiring any pre-handling or the use of personnel resources
- Ready-to-use solution in a handy canister

GO2011 speed, 2l,  
Art. No. 20120000

\$ 55.30

Normally \$79.00

## Plastercut

-30%

Plaster diamond-coated separating disc

- Quick and precise cut without destroying the edges
- Stable carrier material ensures reduced noise level
- Perforations within the disc ensure transparency while cutting

Plastercut mounted, piece:  
Ø 30 mm, Art. No. 331300

\$ 52.90

Normally \$76.25

Ø 38 mm, Art. No. 331380

\$ 66.90

Normally \$95.70

Ø 45 mm, Art. No. 331450

\$ 73.90

Normally \$105.60

Renfert

## Bi-Flex

-30%

Diamond coated separating disc  
for porcelain

- Highly flexible separating disc for porcelain with coating on both sides
- Fine diamond coating for fine separation and contouring

Bi-Flex mounted,  
Ø 22mm, piece  
Art. No. 271000

\$ **30.90**

Normally \$44.20

## Isofix 2000

-30%

Film-free isolation of plaster against plaster

- Soaks into the plaster surface
- Seals the open pores of the plaster model
- No layer build-up

Isofix 2000,  
1 l + 500ml  
spray bottle,  
Art. No. 17200000

\$ **50.99**

Normally \$72.90

## Renfert-Scanspray

Scanspray with very thin layer application

- Accurate edge representation
- Undistorted surfaces
- Optimal polygon count in the 3D model

Renfert-Scanspray,  
200ml  
Art. No. 17310000

\$ **68.39**

Normally \$97.65

## Iso-Stift

-30%

Isolating stick for isolating  
plaster against porcelain and wax

- Soft and hard tip for individual applications
- Economical and precise application of isolating material
- Comfortable and easy handling

Iso-Stift,  
Art. No. 17093000

\$ **28.79**

Normally \$41.20

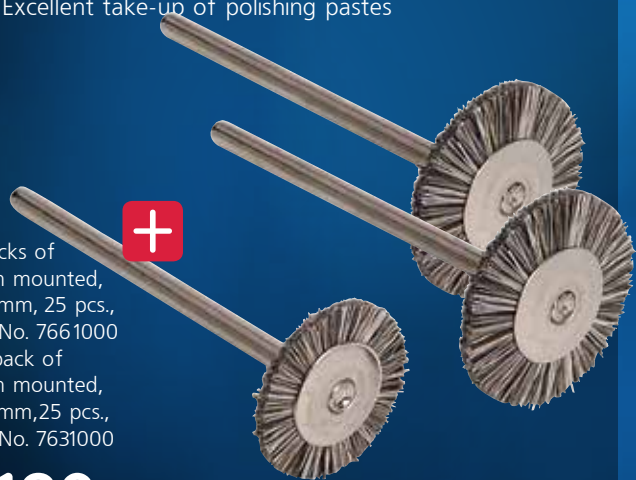

## Bison

Polishing brush

- Dense, firm bristle arrangement for a long service-life
- Particularly suitable for polishing occlusal surfaces and interdental spaces
- Excellent take-up of polishing pastes

2 packs of  
Bison mounted,  
Ø 18mm, 25 pcs.,  
Art. No. 7661000  
+ 1 pack of  
Bison mounted,  
Ø 14mm, 25 pcs.,  
Art. No. 7631000

**\$ 109**

Normally \$116.65

1 package  
for free!

## Silicone polisher

For pre-polishing porcelain and metal

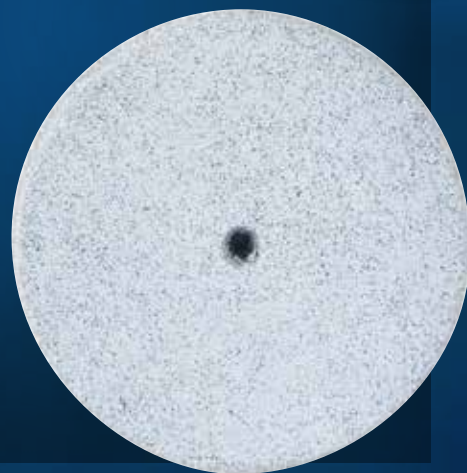

- No smear build-up on porcelain
- Ideal for the transition between metal and porcelain

Silicone polisher,  
100 pcs.,  
Art. No. 860000

**\$ 91.90**

Normally \$122.70

**-25%**

## Pleated buff nettle cloth

For large surface high-lustre polish  
on acrylic dentures

- Will not fray due to diagonal cut of material
- Material folds cause cooling effect leading to speedier shine

**-25%**

Pleated buff  
nettle cloth,  
4 pcs.,  
Art. No. 2100002

**\$ 56.90**

Normally \$76.25

## Polisoft

Effective polishing of precious and  
non-precious metal alloys

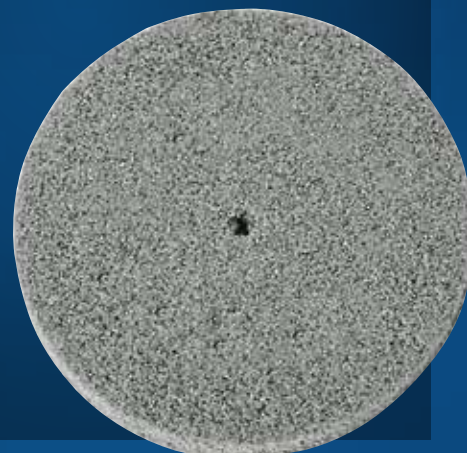

- Optimum alternative to rubber or silicone polishers
- Quickly smoothes all metal surfaces
- Virtually no dust or odor produced

Polisoft,  
50 pcs.,  
Art. No. 910000

**\$ 36.90**

Normally \$49.85

**-25%**

# ERGO Wax

## Wax modeling instruments

- Instruments can be ground according to individual needs
- Probes, blades and scrapers made from handground stainless steel
- Fine, anodised handles, comfortable to hold, heat-resistant and insulated

ERGO Wax Instrument, 1 piece  
Art. No. 1034200x  
each

**\$ 29.90**  
Normally \$37.40

# Wax Isolation

Silicone based isolation

- Excellent isolation of plaster against wax
- Exact fitting accuracy due to the minimal thickness of the isolation layer
- Smooth and smear-free surfaces due to the low residues of isolating agent

Wax Isolation,  
15ml,  
Art. No. 15520040

**\$ 16.90**  
Normally \$24.30

**-30%**

# GEO Classic & Combi wax brush

**Brush  
for free!**

Modeling waxes and brush

- GEOClassic: Hard waxes with very good modeling and carving characteristics
- Dual purpose brush for the most common uses within crown and bridge and partial denture technique

GEOClassic:  
beige-opaque,  
Art. No. 497 0100,  
gray-opaque,  
Art. No. 4970200,  
mint-opaque,  
Art. No. 4970300,  
75g each  
+ Combi wax brush,  
1 piece,  
Art. No. 1705 0000

**\$ 76.80**  
Normally \$110.20

## picosep

**-30%**

Silicone based isolating agent

- Microfilm isolates plaster from wax or high-fusing porcelain
- A thin layer is effective for days; no reapplication required
- Isolates the plaster, acrylic and metal surfaces to permit wax application

picosep,  
30ml,  
Art. No. 15520030

**\$ 12.80**  
Normally \$18.25

## Takanishi & Metrical scoops

**Set of scoops  
for free!**

Synthetic bristle brush and set of metrical scoops

- Takanishi: The brush tip remains stable
- Highly flexible brush bristles
- Ideal for reducing porcelain
- Stainless steel metrical scoops for precise measuring of porcelain powders, with 4 different scoop sizes

Takanishi set  
with 6 brush sizes  
(1/0, 2, 4, 6, 8,  
opaquing brush),  
Art. No. 17140000  
+ Metrical scoops, 2 pcs.,  
Art. No. 10530000

**\$ 89.90**  
Normally \$156.20

Available while stocks last. Prices exclude GST, freight & installation. Not in conjunction with any other offer. Valid until 31 July 2017.
